

VAC Sigma 170i

Introducing the new VAC Sigma 170i, the world's only integrated amplifier with the patented iQ Continuous Intelligent Automatic Bias System. The iQ System holds the true idle point of the output tubes perfectly steady under all conditions, increasing detail & dynamics, lowering distortion & noise, prolonging tube life and protecting the amplifier. Integrated amplifiers are a great lifestyle choice, and VAC lets you have all of the benefits of tubes without the worry.

Features include:

- Pure vacuum tube audio circuitry
- 85 watts/channel into 4, 8, and 16 ohm speakers
- Cinema bypass mode for tie-in to home theater
- Remote control
- True Class A triode tube line stage
- Pure analogue volume control
- Preamp/subwoofer outputs
- Four inputs
- Optional MM/MC phono with adjustable MC loading
- Optional balanced input
- Available glass/machined aluminum cage
- Fascia available in black or silver metal flake paint
- Hard chrome knobs and iQ display bar
- Gold Lion KT88 output tubes
- Premium Cardas RCA & speaker connectors
- Handmade in the United States by VAC
